Description

2 players play an improvised story in Gibberish, 2 others translate. The idea is to build the story together: the `actors` give elements to the translators, and the translators can help steer the action for the `actors`.

Also known as Subtitles.

Gibberish Games

Improv games with nonsense-language. Scenes in gibberish are done in a non-existing language. When doing gibberish scenes, remember that you can speak different kinds of gibberish languages. Try experimenting with Japanese, French, Swedish, Zulu, German, and so on.
