Defining Space

Assignment: Define space using a 3 foot section of 16-gauge, steel, black annealed wire. Create an idea that you could express through space. Figure out a way to use the wire to create this idea. You will be required to present your idea, process, and product with the class. As theatre artist in training, you will need to sell this project to our class in a presentation of the work. You need to be able to explain the value of your idea, the work you put into creating the project, and be able to defend the quality of your final project. *(Explanation of your idea, your process and the final object must be school appropriate or all points are forfeited and student receives a zero.)*

Objective: Student will be able to successfully communicate an idea, their process, and wire project to define space.

Assessment:

1. Prepared and ready to present with wire project	10	8	6	4	2
2. Spoke loud and clear for everyone to hear	10	8	6	4	2
3. Effectively communicated a coherent story to explain the idea for the wire project	10	8	6	4	2
4. Effectively describes all of the work and the process of creating the wire project	10	8	6	4	2
